- Availability,
- Ease of doing business
- Depth of line with our abundant variety of Equipment Server Rack Cabinets.

Search no further!! You have found it!! Here we are confident you will be able to find your solution to your racking problems.

## VBOZ™ D Series Dynamic Server Rack Cabinets

The perfect balance between performance and reliability, the rack-in-black dons the perforated front and back doors for better airflow. To further improve cooling, vented trays are used instead. Lastly the by-folded back door allows itself to be opened with lesser clearance space compared to the single door designs.

### Features and Benefits:

Front

- **Equipment Mounting Compatibility** : Our Server Cabinet, are configured to be compatible with most computer equipment including: Compaq, Cisco, Dell, HP, IBM, Sun, and Intel.
- **RU positions:** marked and notched for easy alignment and placement of equipment.
- **By-Folded Rear Door:** decrease the rear clearance space needed to open the doors
- **Exhaust Fan** to maintain equipment temperatures by effectively extracting hot air from server rack.
- **Full slotted Top Frame** at its four edges to allow for proper ventilation preventing overheating.
- **Perforated Door** to optimize air flow
- **Vented shelf** provide additional air circulation between rack units
- **Removable side panels**, front and rear doors allow easy accessibility from any side of the cabinet.
- **Strongly build metal Tray** to support non-rack mountable Equipments.
- Addition of **extra equipment shelf for future expansion** made easy.
- Adjustable feet and castors
- **Ships completely assembled.**
- **Lockable Perforated Door** allows viewing of rack equipments without unauthorized opening the doors.
- **Cam Lock** on doors and side panels provides added security for equipment.
- Internal dimensions to **IEC 297-2** and **DIN 41494 Part 1** with addition to DIN-IEC drilling in EIA standard.
- Protection to foreign bodies to **IP20; DIN 40050 Part 1 & IEC 529.**
- Durable construction with a **500 kg static** load rating.
