- Price,
- Availability,
- Ease of doing business
- Depth of line with our abundant variety of Equipment Server Rack Cabinets.

Search no further!! You have found it!! Here we are confident you will be able to find your solution to your racking problems.

VBOZ™ S Series
Secure Server Rack Cabinets

Keep your valuable Equipments and Servers in these safe and secure, high-density storage cabinets. Its internally secured side panels and top cover protects the cabinet from un-authorized access. Louvered doors fitted with wire mesh covering the ventilation slots are used to allow proper cooling at the same time protect from intruders taking advantage of un-protected holes to perform malicious acts.

Secured with the Abloy cam Lock based on the unique ABLOY detainer-disc mechanism offers optimum resistance to physical attack and picking. Further protected by a horizontal security cross bar with abloy padlock, its no wonder why burglars and thieves avoid breaking into the S-Series Server Cabinet.

Front
